

GTU Grading System 2026: Evaluation System & Calculation of SPI

GTU grading system: The **GTU grading system** is based on a standardised 10-point scale ranging from AA (represented by 10 GPA) to FF (represented by 0 GPA). The evaluation process involves combining the marks obtained by students in both internal assessments (with a maximum score of 30 marks) and semester exams (with a maximum score of 70 marks) to arrive at a final grade. The grades are calculated based on a predetermined formula that takes into account the total marks scored by the student. The **GTU grade system** is designed to provide an accurate assessment of a student's academic performance and is widely recognised for its fairness and transparency. If you are studying at GTU or planning to enrol here, find out all about the GTU grading system discussed in detail here.

GTU Grading & Evaluation System (Latest)

The GTU grading and evaluation system is followed by the guidelines prescribed by the university. In the exam, there are two parts of the system in which a student's assessment is conducted as per the grading and evaluation system of [Gujarat Technological University](#). Students are expected to clear all tests and exams to pass a particular semester.

Level 1

All students must appear for an internal assessment, which accounts for 30% of the total marks. The internal assessment is again split into two components - 20 marks for the mid-term examination and 10 for the internal evaluation.

Level 2

The students must appear for the semester exams of their respective courses conducted by the Gujarat Technological University. This exam carries 70% weightage of the total marks.

GTU Semester Grading System

According to the **GTU grading scale**, by the end of the semester, the marks obtained in the internal assessment (a maximum of 30 marks) and semester exams (a maximum of 70 marks) will be added and converted into a grading

system whose alphabet will be demarcated. Students can find the GTU Semester-wise grading system given below.

Range of Marks	Grade	Grade Point (GPA)
85 - 100 marks	AA	10
75 - 84 marks	AB	9
65 - 74 marks	BB	8
55 - 64 marks	BC	7
45 - 54 marks	CC	6
40 - 44 marks	CD	5
35 - 44 marks	DD	4
Less than 34 marks	FF	0

CPI Calculation at Gujarat Technological University

The CPI is called a cumulative performance index. It is the sum of all the grades obtained in the course (current and preceding semesters) and is calculated on a 0-10-point scale. Students can find the CPI calculation class division out of 10 tabulated below.

Class Division	Points out of 10 scale
First class with Distinction	< 7.5
First Class	6.5 - 7
Second Class	5.5 - 6.5

What is SPI in the GTU Grading System?

The SPI full form in GTU is Semester Performance Index which is the weighted average of the scores obtained by the candidates in each paper of the semester. The SPI in GTU can be calculated for individual semesters to analyze each student based on the question paper and the course faculty. The SPI provides an assessment of a student's performance in a particular semester and helps measure their understanding and progress in their academic studies during that specific period.
